## WHAT IS DRIVE?

How would you overcome these barriers?

### Lack of Motivation?

Consider why you are unmotivated? Is it linked to lack of confidence? Is it because you don't like the current topic? Does it feel like too much hard work?

### Fear of Failure?

Do you think about failing a task before you even start? Do you worry about if you get it wrong? What happened if you failed to complete a challenge? Did you give up or keep going?

### Lack of Confidence?

Do you lack faith in your ability to do something? Do you not like working on tasks outside of your comfort zone? Think back to how you felt completing some of the challenges you have faced in your life.

### Fear of Change?

Do you worry about change? Think of a time when something changed in your life, consider did it change for the better? Think back to when you had to adjust to a new situation. Was it as bad as you thought it would be?
