

September 2020

Dear Parent/Carers,

After School Support Sessions and Catch Up

Firstly, I would like to thank you for the support you have given your child over recent months. I know how challenging these times have been.

Now we are back in school, we are doing all we can to help students catch up and get back on track with their studies.

From Monday 21st September, we will start to offer some after school support sessions. If your child has been asked to attend, this is to help them catch up and achieve their potential; we really appreciate your support in encouraging attendance.

These sessions will run from 2.50-3.50pm in the year bubble/ room indicated- please see the next page.

There will be an updated timetable each half term.

If your child is attending a session, this will be logged by their teacher on Class Charts so you can see they are in school/ attending the session.

The Importance of Assessments:

The government have indicated that exams in 2021 should go ahead as planned. However, in these uncertain times, there is a **possibility** this may not be the case. Last summer, schools were asked to submit "centre assessed grades" for students which were based on assessments, work and mock exams completed in school. As such, it is critical that students make the most of all assessment opportunities to demonstrate their skills, knowledge and understanding over the coming months as this evidence may be used to calculate their grades/ requested by exam boards. As parents, please support us by discussing this with your child and encouraging them to prepare thoroughly for all assessments and do their very best.

We are planning for a full series of mock exams straight after Christmas in January 2021; these exams are always important, but this year are even more so.

Thank you again for your continued support.

Yours Sincerely,

Mr J S Clarke
Deputy Headteacher
