

GCSE Psychology 9-1 Developmental

Developmental	Learning objectives/outcomes	Suggested activities / resources	Key terms/ Essential learning	Prior learning	Cross curricular links	Home learning resources
1. Early Brain Development	To be able to identify and describe some of the structures of the brain. To understand how brains develop in pregnancy	T drive- Developmental folder Lesson 1 resources	The brain Pregnancy Neuron Neural tube	Nature/ nurture debate	<b>Biology- pregnancy The brain</b>	<b>Booklet pages Online textbook pages 66</b>
2. The role of nature and nurture	To understand how Psychologists study the concepts of nature and nurture	Youtube videos on twin studies <a href="https://www.youtube.com/watch?v=k50yMwEOWGU">https://www.youtube.com/watch?v=k50yMwEOWGU</a> neonates research <a href="https://www.youtube.com/watch?v=sqYgU6CjGds">https://www.youtube.com/watch?v=sqYgU6CjGds</a> Purple textbook Worksheet 2 on T drive	Twin studies Neonates Animal studies	Gibson v Gregory	<b>Sociology- nature nurture debate Science- role of animal research.</b>	<b>Booklet pages Online textbook pages 67</b>
3. The Cortex	To describe and locate the lobes of the cortex and the functions they are linked with	Powerpoint 2- the cortex T drive Worksheet 2. Cortex T drive	Synapse Brain stem Cerebellum Thalamus Neuron Autonomic function Cognition Sensory processing Cortex Frontal Parietal Occipital Temporal Lobe	Structure of the brain from lesson 1	<b>Biology- The brain</b>	<b>Booklet pages Online textbook pages 66/67</b>

GCSE Psychology 9-1 Developmental

4. Piaget- the basics	To be able to describe and outline the basics of Piaget's theory of cognitive development		Schema Assimilation Accommodation	Schema from Memory and Perception		<b>Booklet pages Online textbook pages 68</b>
5. Piaget- stages	To be able to describe each of the stages of Piaget's theory To state the key experiment in each stage To explain how the experiment links to the concept	Piagets stages powerpoint T drive Piaget Stages sheet T drive	Sensorimotor Object permanence Egocentrism Preoperational Conservation Concrete operational Formal operational Logical thinking	The basics of Piaget		<b>Booklet pages Online textbook pages 74</b>
6. Hughes' study- describe	To be able to describe the key elements of Hughes' policeman doll study	Hughes study resources and power point T drive	Egocentrism Preoperational	Preoperational stage		<b>Booklet pages Online textbook pages 72-73</b>
7. Hughes' study- evaluation	To be able to state evaluation points To develop evaluation points using PEC structure	Hughes study resources and power point T drive	Egocentrism Preoperational GRAVE	Description of study		<b>Booklet pages Online textbook pages 72 -73</b>
8. McGarrigle and Donaldson study- Describe	To be able to describe the key elements of McGarrigle and Donaldson's naughty teddy study	McGarrigle and Donaldson study resources and power point T drive	Concrete operational Conservation	Concrete operational stage		<b>Booklet pages Online textbook pages 70-71</b>
9. McGarrigle and Donaldson study- Evaluation	To be able to evaluate the key elements of McGarrigle and Donaldson's naughty teddy study To develop evaluation using PEC	McGarrigle and Donaldson study resources and PowerPoint T drive	Concrete operational Conservation GRAVE	Description of study		<b>Booklet pages Online textbook pages 70-71</b>

GCSE Psychology 9-1 Developmental

10. Piaget theory-evaluation	To be able to state key evaluation points of Piaget's theory To develop evaluation points using PEC	Piaget PowerPoint T drive	SODA	Piaget's theory		<b>Booklet pages Online textbook pages 75</b>
11. Piaget theory-Application to education	To be able to describe the ways in which Piaget's theory applies to education To give examples of how Piaget's theory applies to education	Lesson 4 Piaget application to education resources T drive	Readiness Child centred Self-discovery	Piaget's theory		<b>Booklet pages Online textbook pages 76/77</b>
12. Dweck and mind-set-describe and apply	To be able to outline Dweck's types of mind-set To be able to explain how mind-set links to learning	Lesson 7 resources T drive	Growth and fixed mind set Self-efficacy	How we learn in schools		<b>Booklet pages Online textbook pages 78/79</b>
13. Dweck and mindset-Evaluation	To be able to state evaluation points of Dweck's theory of mind-set To PEC paragraph the evaluation points	Lesson 7 resources T drive ( mark Dweck with stem q T drive	Growth and fixed mind set Self-efficacy SODA	Description of Dweck		<b>Booklet pages Online textbook pages 79- 81</b>
14. Learning styles	To be able to outline learning styles To be able to explain how learnin styles theory links to learning	Lesson 8 resources T drive	Visualizer Verbaliser Kinaesthetic	How we learn in schools		<b>Booklet pages Online textbook pages 82 and 83</b>
15. Willingham-Describe	To be able to outline Willingham's learning theory To be able to explain how Willingham think	Lesson 8 resources T drive Red hair book Page 67	Retrieval cues Self-regulation Unexpected praise Cognitive Neuroscience	VAK theory of learning		<b>Booklet pages Online textbook pages 84-85</b>

GCSE Psychology 9-1 Developmental

	we can improve learning					
16. Willingham-evaluation	To be able to state evaluation points of Willingham's theory To PEC paragraph the evaluation points	Lesson 8 resources T drive Red hair book page 67	Retrieval cues Self-regulation Unexpected praise Cognitive Neuroscience SODA	Willingham description		<b>Booklet pages Online textbook pages 84-85</b>
17. Revision of key terms	To revise key terms of topic	Revision folder T drive	See above	Whole topic		<b>Online textbook pages 86-87</b>
18. Revision of theories	To revise key theories	Revision folder T drive	Willingham Dweck Piaget	Whole topic		<b>Dweck, Willingham and Piaget recap. Re-read and make flash cards to summarise each theories description and evaluation</b>
19. Revision of studies	To revise studies	Revision folder T drive	Hughes and McGarrigle and Donaldson	Whole topics		<b>Naughty teddy and Police man doll studies recap. Re-read and make flash cards to summarise each theories description and evaluation</b>
20. Walking talking mock	To gain familiarity in answering exam questions and how they are structured and assessed	Revision folder T drive		Whole topic		

GCSE Psychology 9-1 Developmental

21. End of topic test	To practice exam skills	E AQA	See above	Topic and examination structure
