Food Technology and HSC Curriculum Map 2021-22

Our HSC curriculum aims to inspire, move and challenge learners by providing them with a broad, coherent, satisfying and worthwhile course of study. We aim to prepare learners to make informed decisions about further learning opportunities and career choices related to health, social care and early years. Our curriculum provides a clear pathway into a variety of lifelong, fulfilling careers in Health, Social care or early years services. Our Food Technology curriculum aims to equip learners with the necessary skills to prepare a variety of nutritious home cooked meals. Students will be able to prepare and cook a wide variety of ingredients and will have the knowledge and understanding needed to make healthy informed food choices that meet their nutritional needs at different stages in their lives.
