November 2026

Dear parent/carer/student

Remembrance Day 2026
As a school, we wish to commemorate Remembrance Day and remember those lost in all wars and acknowledge the work of our armed services.

To this end we would like to invite students who are in any uniformed services, whether it be the Cadets, Scouts, Guides or Explorers to attend school in their uniforms on Wednesday 11th November 2026. All other students MUST attend school in the correct school uniform.

Due to our break being up until 11:00am, we will undertake the 2 minutes silence at 11.10am - the Last Post will be played, and a student will recite a poem as we lay our wreath to commemorate all that have lost their lives.

Students wishing to attend in uniform and take part in the commemoration should email Mr Baggley by 8:30am on Friday 6th November.

'Speak Out' button
If you are worried or anxious about anything or anyone, in or out of school, and you wish to speak to someone please use the 'Speak Out' button on the website.
The website has a large section on Safeguarding for you and your family with useful links to support for mental health and on-line safety.
Please contact Miss Donaghie, Assistant Head and Designated Safeguarding Lead (DSL) or Mrs Smith, Deputy Head and Deputy DSL if you have any concerns, questions or in need of any support.

Parents on school site
Please can I ask parents to ensure that they only attend the school site if they have a booked appointment with a member of staff. This can be done by calling the school on 0121 556 4131. Parents with appointments must enter the site via the visitors' car park and report to reception straight away. Parents without appointments must not enter the school site in order to safeguard the students and staff.

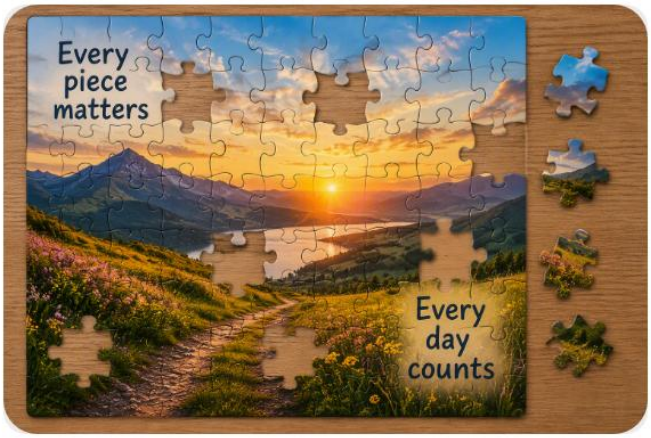

Family First
At Wood Green Academy, we work closely with the **Family First** approach to ensure that children and families receive help as early as possible when challenges arise. Family First brings together professionals from education, health, and support services to provide practical advice and assistance tailored to a family's needs. Seeking support early can help prevent difficulties from escalating and ensure that children receive the care and opportunities they need to thrive. If you feel your family may benefit from additional support, please speak to a member of our pastoral team, who will be happy to discuss the options available.

Operation Encompass Notice for Parents and Carers
We are pleased to inform you that our school is part of Operation Encompass, a national initiative that supports children who may have been affected by domestic abuse. Through this partnership, schools are notified by the police before the start of the next school day if a child has been present during, witnessed, or been affected by a domestic abuse incident. This information is shared securely with our Designated Safeguarding Lead so that we can provide appropriate and timely support to the child while they are in school.

The wellbeing, safety, and welfare of all our pupils remain our highest priority. If you would like further information about Operation Encompass, please visit the official website: www.operationencompass.org.

Attendance - A Simple Thought
Imagine your child is building a giant jigsaw puzzle with 190 pieces. Each school day is one piece.

If they miss a few pieces, they can still see part of the picture. But the more pieces that are missing, the harder it becomes to understand what the picture is showing. Learning in school is exactly the same.

Every lesson builds on the one before it. When they are absent, they don't just miss work. They miss explanations, discussions, questions, practical activities, and time spent learning alongside their classmates.

Every piece matters. Every day counts

St Paul's Road – Health and Safety
We would like to thank all parents and carers for supporting our recent request to park safely and considerately at the end of the school day.

We have seen a significant improvement in parking around the school, and our daily staff patrols have made a real difference in helping students leave the site safely. The reduction in congestion has improved visibility and created a safer environment for everyone.

As we return from half term, we would ask that this positive approach continues. Your ongoing support is essential in helping us maintain a safe environment for students, staff, local residents and other road users.

Thank you for your continued cooperation and support.

Road Safety Reminder
Keeping our students safe is always a priority, and over recent weeks we have been focusing on road safety during form time sessions. These discussions have highlighted the importance of crossing roads carefully, using safe crossing points where available, staying alert to traffic, and avoiding distractions when near roads.

We will continue to reinforce these messages throughout the year, particularly because many of our students travel on foot and need to cross busy roads near the school. The start and end of the school day can be especially busy, with increased traffic and congestion in the local area, making it vital that students remain aware of their surroundings and make safe choices.

We would greatly appreciate parents' support in reinforcing these important road safety messages at home. By working together, we can help ensure that all students develop safe habits and travel to and from school as safely as possible.

Before School and After School Club
Our new Before School and After School Club continues to provide a welcoming, safe, and enjoyable space for students to spend time before and after the school day.
The club is open to all students and takes place in the Sixth Form area - H013. Sessions run from 8:00am every weekday morning, and from 3:00pm to 4:00pm on Mondays, Tuesdays and Thursdays.

Students can take part in a range of activities including arts and crafts, drawing, board games, and LEGO building, or simply relax, socialise, and make new friends in a friendly and supportive environment. Whether students are looking for a quiet space to unwind or an opportunity to get involved in activities with others, there is something for everyone. The club is a fantastic way for students to start or end their day positively, develop new friendships, and enjoy being part of our school community. We encourage all students to come along and join in.

Online Safety
All parents, carers and pupils are invited to explore Wood Green Academy's Well-Being web pages. This includes information and support regarding mental health, safeguarding and online safety.
The online safety section is updated regularly with information from a range of safeguarding partners including the National College, Ineqe Safety group and the NSPCC, to support families to feel confident with new and emerging online safety topics. We also publish our Safeguarding Flash Points on this page.

Pupils' also now have an enhanced online safety curriculum, delivered as part of the Form Tutor Programme. Our online safety team will visit every form group this year to deliver key topics including the sharing of online images, deepfakes, AI and fake news.

Artificial Intelligence: Well-being, Safety and Homework
We would like to remind all parents and carers that artificial intelligence (AI) is an area of safeguarding concern both at school and home. Please remember that all AI platforms, within their terms and conditions will specify the age-appropriate level for use. Almost every AI platform is designed for those 18 and above, or in some cases, such as Chat GPT, have a lower age limit of 13, when parental consent is given. Please also consider that AI can generate bias, inaccurate or inappropriate content not suitable for children. Additionally, all parents and carers need to be aware that there is a growing trend for young people to rely on AI platforms when seeking support and information related to both physical and mental health. We would encourage you to talk with your child about their use of AI and the ways they use it, to ensure that important conversations like these remain in the real world, where we can all advise and support appropriately.

We are currently in the process of rolling out opportunities for pupils to learn about and to use AI in a safe and effective manner. Year 12 and 13 students will have access to our preferred AI platform, hosted on Canva.com, later in the autumn term. After further trialling, Year 9, 10 and 11 students will also have supervised access of AI. Please be aware that our AI policy clearly indicates that all students should not use AI to complete class or homework tasks, unless directed to by their teacher. This it to ensure that students are kept safe and use AI in a manner that supports critical thinking and learning.

WGA50
All students in Years 7 and 8 are now engaging in the new WGA50 Challenges. These challenges offer fantastic opportunities for children to just be children, in the traditional sense, whereby they are not controlled by a screen. The challenges will focus on developing our 'I Can I Will' characteristics of: Resilience; Drive; Curiosity; Initiative; Risk Taking (safely); Reflectiveness; Flexibility of Mind.

Students will do 25 challenges in Year 7 and another 25 challenges in Year 8. They will select their own challenges from categories that have the following themes: Language; Apprentice; History/Geography; Cultural; Sport; Creative; Community; Resilience. The activities get progressively more challenging as the students move from Year 7 to Year 8. Students complete the challenges then show evidence on their record card – they can then get each activity signed off by a parent/guardian, coach, community leader, teacher or other suitable person – they will then just need to share their evidence with their form tutor. As we are looking to develop independence, it is each student's responsibility to get their card signed and evidence collected and written down.

Enrichment
Enrichment refers to extracurricular clubs, school visits, guest speakers and any other activity that compliments and enhances each child's curriculum. The school runs a range of activities predominantly at lunch times and after school. Virtually every department and year group in the school runs activities for students to engage in.

Our enrichment activities are available for all students and are categorised under the following headings:

- **Civic Engagement:** eg Ambassadors, Sports Leadership and Officiating, Litter Picking...
- **Arts and Culture:** eg Drama and Music Clubs, Theatre Visit, Art Club, School Productions...
- **Nature, Outdoor and Adventurous:** eg Climbing Club, Garden Maintenance...
- **Sport and Physical Activity:** eg Sports Clubs, School Fixtures, Gym and Dance Show, Sports Leadership and Officiating...
- **Wider Life Skills:** eg University Visits, Code and Keyboard Clubs, Languages Clubs, Board Games Club, Buddy Club...

Every child is expected to engage in at least one activity from each category during each Key Stage.

Year 12/13 Enrichment has begun - we had 29 students playing Badminton in the first session - this will look to expand as the term progresses and offer different activities week on week.

School Houses
Students are rewarded for their attendance at clubs, and each point goes towards their respective House.

Each member of the school community is in a House: Ali (Blue), Da Vinci (Green), Nightingale (Yellow), Parks (Red) and Shakespeare (Purple). Throughout the year there will be a range of House competitions for students to get involved in. Each week in form time on a Friday, will be the ever-popular FUN FRIDAY! activities that see forms representing their Houses compete against each other. Each half term will see inter-house competitions for each year group. Each form will have its Form Captain and each House its House Captains.

School Rules and Behaviour
One of the reasons, aside from excellent teaching, that ensures we get excellent outcomes for our students, is the high expectations that we have at Wood Green in terms of student behaviour. Can I thank parents/carers for supporting us with this.

Mobile Phones
Once again, I would like to thank the vast majority of parents/carers who ensure that their child does not bring a mobile phone to school. However, there have been a number of incidents during the last half term that we have had to address and, for clarity, I would like to remind everyone of the school's expectations.

In line with our school policy and the statutory guidance issued under the **Children's Wellbeing and Schools Act 2026**, all schools in England are expected to operate as **mobile phone-free environments by default**, with pupils prohibited from accessing mobile phones during the school day. [gov.uk], [legislation.gov.uk]

Therefore, students in Years 7 to 11 **MUST NOT** bring mobile phones onto the school site. This expectation is central to maintaining a calm, safe and focused learning environment and supports the national guidance which schools are required to have regard to when determining their behaviour policies.

Where there is an exceptional safeguarding reason for a student to have a mobile phone during their journey to and from school, parents/carers **MUST** request temporary permission from Miss Donaghie in writing. Any such permission will be granted on the understanding that the phone is handed in to the relevant Year Leader/Student Support Manager each day for the duration of the safeguarding need.

Students should not use their mobile phone as their bus pass/ticket as mobile phones are not permitted on the school site. If a student brings a phone onto the school site and it is confiscated, parents will need to either purchase an additional bus pass/ticket or will have to make alternative arrangements for their child's transport.

If students are found to be in possession of a mobile phone it will be confiscated and placed in the school safe. Mobile phones confiscated on a Monday or Tuesday will be held in the school safe until the end of the school week where they can only be collected by parents/carers between 3.00-3.30pm (in the event of school finishing early, phones due to be collected, can be picked up from the end of school and the following 20 minutes e.g. 12.00 and 12.20pm.). Phones confiscated on a Wednesday, Thursday or Friday will be confiscated until the end of the following school week where they can only be collected by parents/carers between 3.00-3.30pm. If, however, the return of the mobile phone falls in a school holiday, the phone can be collected on the first day back to school by parents/carers between 3.00 - 3.30pm with the exception of the summer holiday, in which case the phone can be collected by parents/carers on the first Friday of the holidays between 3.00 -3.30pm.

So, if a phone is confiscated on Wed 16th December, Thurs 17th December or Fri 18th December, it will not be returned until Tuesday 5th January 2027 (between 3.00 – 3.30pm) as per our policy. EXCEPTIONS to this policy will not be made and ANY student that refuses to hand in their mobile phone when asked to, will be issued with a Permanent Exclusion. This sanction has been consistently applied where in the rare occasions this has happened in the past.

MVP

Students in PE have been awarded MVP for this half term. Awards were given by all PE staff to students displaying hard work, commitment and progress in lessons – one award per class.

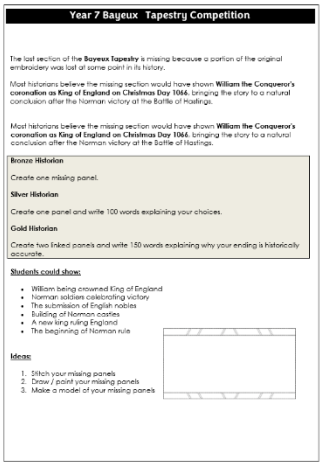

Their reward was the opportunity to listen to guest speaker Ronald Blain of the Birmingham Rockets. Ronald talked about the challenges he faced as he progressed through the ranks of basketball in his native USA and gave advise on mindset and how to overcome challenges. The session was concluded with some interesting questions from the students. Both Ronald and his coach were really impressed with the conduct of students at WGA, both in the session and when they were walking around the school.

The MVPs will also go to watch Ronald and the Rockets playing in Manchester on Friday evening and have their celebrations choregraphed for when he scores a '3 pointer'.

Bayeux Tapestry

The History Department held a 2-hour session on the Bayeux Tapestry with the British Museum for all of Year 7 students. The session was an excellent opportunity for students to learn more about the tapestry.

Year 7 Bayeux Tapestry Competition

The last section of the **Bayeux Tapestry** is missing because a portion of the original embroidery was lost at some point in its history.

Most historians believe the missing section would have shown **William the Conqueror's coronation as King of England on Christmas Day 1066**, bringing the story to a natural conclusion after the Norman victory at the Battle of Hastings.

St Thomas Aquinas Catholic School v Wood Green Academy
The Year 7&8 girls' football team put in a battling performance away at St Thomas Aquinas, narrowly losing 3–2. After a long journey and facing a challenging environment, the girls showed great determination and resilience throughout the match.
Goals were scored by Lola and Sienna Davies, who helped keep the team in contention until the final whistle. Unfortunately, the girls narrowly missed out on progressing to the next round, but they can be proud of their effort.
A special mention goes to Phoebe, who had to be substituted in the second half due to an injury. We wish her a speedy recovery!

Year 9 Boys' Football
Year 9 maintained their 100% winning record this season with a spectacular victory over Q3 Tipton.

The game got off to a difficult start for WGA, who found themselves 1-0 down after just five minutes. However, the team showed great character and determination to respond, turning the game around with an impressive spell of attacking football to take a 3-1 lead.

With just four minutes remaining, Q3 Tipton pulled a goal back to make it 3-2, setting up a nervy finish. Despite the late pressure, WGA remained resilient, defended bravely, and showed excellent composure to hold on for the win.

The result continues an outstanding start to the season, with Year 9 extending their unbeaten run and preserving their 100% record. The team's fighting spirit, teamwork, and determination were on full display, proving once again why they are enjoying such a successful campaign.

They unfortunately lost that game vs. Pool Hayes (H) - putting in a valiant effort but losing 3-2 in the end. The lunchtime club was extremely popular with students and provided a safe, supportive environment where pupils could develop their cycling skills, build confidence and progress

at their own pace. The club offered a valuable opportunity for students to overcome challenges, develop independence and enjoy being physically active.
A huge well done to all the children who took part! Their enthusiasm, effort and perseverance throughout the sessions were fantastic to see.
