

Vision Statement 2025

Our Vision and Mission: We want to improve our students' life chances so they are successful, respectful, healthy and kind.

For students: Be the healthiest, kindest and most successful you, that you can be.

Key Intentions: for 2025/26:

- To ensure our students attend, are punctual, able to learn and develop
- To ensure our students behave in a kind and respectful manner to everyone all of the time
- Recruitment and training of staff to ensure that students are successful, respectful, healthy and kind.
- High quality and well taught academic curriculum that enables students to be successful, respectful, healthy and kind.
- High quality and well taught enriching curriculum and wider opportunities that enable students to be successful, respectful, healthy and kind.
- To ensure our students are safe.
- To use the Self Determination Theory to improve aspects of competency, autonomy and a sense of belonging for our students to improve behaviour, attendance and overall achievement.
- To ensure that the academy is a going concern, well led, managed and governed to enable students to be successful, respectful, healthy and kind.
